Python

Rishan Dilruk

Front-End Engineer || Mobile Application Developer
Badulla District, Uva Province, Sri Lanka

Summary

I am undergraduate student from Eastern University Sri Lanka,who
studies Management Information Systems, I am excited to embark
on a career as a front-end developer. Throughout my studies, I have
gained valuable experience working with a variety of technologies,
including Sass, JavaScript, React, Next.js, Tailwind CSS, Python,
Three.js Greensock GSAP.

I am a quick learner and am always eager to expand my skillset, and
I believe that my knowledge and experience make me an excellent
candidate for any front-end development role. I am a detail-oriented
problem solver and I enjoy thinking creatively to find solutions to
complex challenges.

I am confident in my ability to create beautiful and responsive
designs that are optimized for both the user and the business. I
am excited to continue learning and growing as a developer, and I
look forward to the opportunity to work with a team of experienced
professionals who can guide and mentor me as I develop my skills
further.

If you are looking for a dedicated and motivated front-end developer
to join your team, I would love the opportunity to speak with you
further about how my skills and experience can contribute to your
organization.
